1,000 Books Before Kindergarten is a fun way to help prepare your child for Kindergarten.

The goal is to have read 1,000 books before your precious one starts kindergarten. Does it sound hard? Not really if you think about it. If you read just 1 book a night, you will have read about 365 books in a year. That is 730 books in two years and 1,095 books in three years.

For every book you read to your child (any book and yes, repeats count!), mark off a cookie on a sheet, when you reach the 100th cookie on a sheet, bring it in for a prize! write in the space at the top which 100's you are on, e.g. books 200-300. This way you can choose which order you do the sheets in.
